PAYMENT OF BILLS

Bills are mailed out monthly in advance. Payments should be paid on or before the 10th, subject to disconnect on or after the 17th day of the month.

Subscribers are responsible for any long distance calls charged to their telephones. Any errors in billing will be promptly corrected when called to our attention. However, we cannot be responsible for calls which other persons may make from your telephone.

CONSUMER RIGHTS

TELEMARKETERS MUST OBEY STATE AND FEDERAL LAWS WHEN CALLING KANSAS RESIDENTS.

Violations can be enforced by the state Attorney General or through a private cause of action. Telemarketers who make unsolicited calls to residential telephone numbers MUST:

- ✓ Identify themselves, the business for whom they are calling, and the purpose of the call immediately upon making contact with the person being called;
- ✓ Promptly discontinue the call if the person being called indicates a negative response or desire to not listen at any time during the call (i.e., "just say no");
- ✓ Have a live or recorded voice respond within 5 seconds of answering the call;

- ✓ Make their telephone number accessible to caller ID services if technically possible;
- ✓ Maintain internal "do not call" lists and, if requested, place the person called on their internal "do not call" list and honor that request;
- ✓ Disclose whether the seller has a policy of not making refunds, cancellations, exchanges, or repurchases.

TELEMARKETERS MUST NOT:

- ✓ Use automatic telephone dialing systems or pre-recorded voice messages to call pagers, wireless telephones or any service for which the party called is charged for the call;
- ✓ Send unsolicited advertisements to fax machines;
- ✓ Use threats, intimidation, profane or obscene language;
- ✓ Cause any telephone to ring repeatedly or continuously for the purpose of annoying or harassing any person at the called number;
- ✓ Call before 8:00 a.m. or after 9:00 p.m. local time.

Exceptions are calls placed for noncommercial purposes, calls made for commercial purpose which do not include any unsolicited advertisements, calls to any person with whom the caller has an established business relationship, and calls from tax-exempt non-profit organizations.

For more information, or to file a complaint if you receive a call from a telemarketer that violates any of these rules, please contact the Kansas Attorney General's Office, Consumer Protection Hotline at 1-800-432-2310.

For further research on the laws summarized above, refer to **K.S.A. 50-670(b)** (part of the KANSAS CONSUMER PROTECTION ACT), **47 USC Section 227 and 47 CFR Part 64.1200** (FEDERAL TELEPHONE CONSUMER PROTECTION ACT and REGULATIONS) and **15 USC 6101-6108 and 16 CFR Part 310** (FEDERAL TELEMARKETING AND CONSUMER FRAUD AND ABUSE PREVENTION ACT and REGULATIONS).

COMPLAINTS

Should you have a complaint about your bill or with your service, please stop in personally at our business office or call 785-252-4000. Whether it's a billing or a service problem, we are here to help and address your concerns with prompt action.

If you are still not satisfied, you have the right to file a formal or informal complaint with the Kansas

Corporation Commission, which regulates H & B Communications. The Kansas Corporation Commission can be reached in Topeka at 785-271-3140, or toll-free at 1-800-662-0027, should you wish to pursue any telephone dispute by formal or informal complaint.

The address is

KANSAS CORPORATION COMMISSION
1500 SW Arrowhead Road
Topeka, Kansas 66604-4027

KANSAS NO-CALL ACT

The Kansas No-Call Act is a state law that allows Kansas residents to register their home telephone number as being "off limits" to certain types of sales calls. Any telephone solicitor that calls a telephone number on the list after the enforcement date for that telephone number is subject to civil penalties of up to \$10,000 per violation. Any consumer who wishes to register on the Kansas No-Call list may do so for free by calling toll free 1-866-362-4160, or online at: www.ink.org/public/ksag/main.htm.

It is very important to note that it could take up to 130 days from the time you submit your registration until telemarketers are prohibited from calling you. It is also important that you realize that registering on the list will not end all telemarketing calls. This law does not prohibit calls such as those from political and charitable organizations. In addition, companies you have expressly asked to call you, as well as companies with which you have or have previously had an established business relationship within the past 36 months, are exempted from the requirements of the law.

Your registration on the Kansas No-Call list is valid for 5 years. You will be responsible for re-registering your name and telephone number at the end of the 5-year period if you wish to remain on the list.

Businesses, which engage in unsolicited consumer telephone calls to Kansas residents, must purchase the list and refrain from calling any telephone number on the list. Solicitors will be able to subscribe for the list also.

GUIDE TO SLAMMING

H & B Communications is committed to being your most trustworthy and reliable provider of telecommunication services and to delivering the best customer service. We will continue to work with regulators, legislators and consumer groups to keep them aware of problems like slamming and to seek solutions.

SLAMMING

Slamming is a deceptive practice in which your long distance service or local service is switched without your knowledge or permission. If you have been slammed, a H & B Communications representative will help to switch you back to your preferred provider.

SLAMMING PROTECTION

Avoid being switched to another long distance carrier without your consent!

Contact H & B Communications to request a PIC freeze on your phone number(s)

Many people around the country have had their long distance service switched to a different company without their knowledge or consent. We oppose this unlawful practice, known as "slamming." For additional protection, you may send us written directions not to change your long distance company without your **signed** authority.

PREVENTION TIPS

1. *Read your H & B bill carefully.* If your long distance provider has been changed, a switching charge will appear on your bill, along with the name of your new long distance company.
2. *Ask questions.* If you receive a call, make sure you understand the offer. Ask for their name, address and telephone number. Know what you will have to pay and ask what you will receive.
3. *Educate family members and office staff.* Let everyone in your household or office who is likely to answer the telephone know who is authorized to make decisions about your telephone service. Slammers often target children, babysitters, housekeepers and receptionists.
4. *Read the fine print.* Slammers often distribute contest or sweepstakes forms which contain fine print switching your telephone service. Never fill out entry forms without reading them carefully.

WHAT TO DO

- If you think you have been slammed, call H & B Communications 1-800-432-8296 or 785-252-4000. A customer service representative will serve as your advocate and help switch you back to your preferred provider.
- If you wish to report the incident, contact:

MAINTENANCE AGREEMENT

As of January 1, 1987, the Federal Communication Commission states any repair or modification of the wire running from the protector on the outside of the building to the telephone jack or jacks on the inside may be performed by you, any contractor of your choice or, as in the past, by your telephone company.

Therefore it will be necessary for you to make one of three choices:

1. **Make any repairs or alterations yourself, or hire someone** (such as an electrical contractor)

to do it for you. However, if you have a problem with the inside wire and ask your telephone company to locate it, you will be assessed a charge of \$30.00 for diagnostic services only with no repair performed.

2. **Have your telephone company repair the inside wire.** You will be charged for materials used and labor. Our minimum labor charge is \$30.00.
3. **Subscribe to our Monthly Maintenance Plan.** Under this plan, your inside wiring will be maintained as in the past by your telephone company at no charge for repair or replacement in either time or material. The plan also includes checking and diagnosing problems with your telephone instruments if needed but does not cover repair or replacement.

Note: The Monthly Maintenance Plan applies only to residential customers and single-line businesses, and is not available to multi-line businesses.

MANDATORY TEN-DIGIT DIALING

The Federal Communications Commission (FCC) has adopted 988 as a new three-digit number to be used nationwide to reach the National Suicide Prevention and Mental Health Crisis Lifeline.

In order for 988 to work in the 620 and 785 area codes, 10-digit local dialing must first be implemented. **To complete local calls, all customers in the 620 and 785 area codes will need to dial the area code followed by the 7 digit telephone number.** 10-digit dialing became mandatory in October of 2021.

If you have any questions regarding information provided in this notice, please call H & B Communications at (785) 252-4000 for more information. You can also visit the FCC website at <https://www.fcc.gov/suicide-prevention-hotline>.

NON-DISCRIMINATION STATEMENT

H & B Communications, Inc. is an equal opportunity provider and employer.

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at <http://www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer>, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.

NUMBER TO VERIFY CARRIER (PIC)

700-555-4141 will allow a subscriber to obtain a message from his chosen carrier to inform him of his Long Distance Carrier (PIC) choice.

CHANGING YOUR LONG DISTANCE CARRIER (PIC)

You may have the long distance carrier of your choice. Please note that you may choose both the Intralata carrier (inside your area code - previously carried by Southwestern Bell) and the Interlata carrier (anything outside your local area code). Changes of carriers will be charged a \$10.00 Service Order

Charge and \$5.00 PIC Change charge. If you have any questions, call H & B Communications during business hours at 252-4000 or 800-432-8296.

TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

USE OF THE TELEPHONE NEAR WATER

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

USE OF THE TELEPHONE DURING AN ELECTRICAL STORM

You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief. Although the H & B Communications uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

USE OF THE TELEPHONE TO REPORT A GAS LEAK

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for the spark to trigger an explosion if the gas concentration is high enough.

For information about any telephone service, call H & B Communications. Your service representative will be glad to help you.

GENERAL INFORMATION

ALLOWANCE FOR FAILURE OF SERVICE

H & B Communications does not guarantee the uninterrupted working of the line or instrument. No reduction from the exchange service charge shall be made for interruptions unless the same have continued for more than forty-eight hours after notice is given of each interruption.

In case of widespread disaster, resulting in interruption to the service, no reduction from the exchange service charge shall be made unless the same shall have continued for a period of more than one week.

900 CALL RESTRICTION

H & B Communications customers may have calls made from their telephone number to 900 numbers restricted upon request.

Residential customers — No Charge for 1st time restriction.
Business customers — \$10.00 per line.

You can dial 900 numbers to receive weather reports, stock quotes, health tips, sport information, etc. For the most part, 900 numbers are legitimate and if you are willing to pay the charges associated with them, you can receive factual, fun or useful information. There are however, many 900 numbers that are not in the above category. The charges for any 900 call will either be a flat rate per minute or a flat rate per call. Per call charges can be as high as \$50. Therefore, please make sure that every family member is aware of the cost before making 900 calls. If you are interested in blocking 900 calls, please contact H & B Communications.

CALLING FEATURES

Call H & B to activate any of these features for your telephone line.

CALL FORWARD 72#

Let your calls follow you to another number.

How it works:

You can program your calls to ring at another number. Each time a call is forwarded, your telephone will make one short ring. It can still be used to make outgoing calls.

CALL FORWARDING PREFERRED *63

Lets your calls forward to another number.

How it works:

Allows you to create a list of 6 numbers, and program a forwarding number. When someone on your list calls you, their call will ring at the forwarded telephone.

CALL SCREENING *60

Don't let unwanted calls disturb you.

How it works:

You can program your telephone to reject 32 calls from any number you place in the rejection list. When your service is turned "on," any callers in this list will hear an announcement that you're not accepting calls at this time. All other calls will ring through as usual.

CALL TRACE *57

Identify harassing callers through the telephone company.

How it works:

When you receive a harassing call, you can dial a simple code to trace the source of that call for the telephone company.

CALL WAITING

You'll know when another caller is trying to reach you.

You can use your telephone without missing other calls. A special tone alerts you to a waiting call; the person calling you hears normal ringing.

CALLER ID

See who's calling before you answer the telephone.

How it works:

When you receive a call, the name and number of the person calling you is shown on your Caller ID display screen.

PER CALL BLOCKING

Block your number from being displayed to others.

How it works:

By pressing a code before you place a call, you can prevent your telephone number from appearing on the Caller ID display of the person receiving your call.

PRIORITY RINGING *61

You'll know when someone special is calling.

How it works:

When you make a list of special callers, your telephone uses a special ring to announce calls from any of those numbers. If you also have Call Waiting, you'll hear a special Call Waiting tone.

REPEAT DIALING *66

Get through to busy numbers as soon as they are free.

How it works:

You can save time dialing busy numbers over and over. Your telephone rings you as soon as the line is free, and automatically connects you.

SPECIAL CALL ACCEPTANCE *64

Decide which calls you will take.

How it works:

You can program your telephone to accept only those calls from a special list of people. When your service is "turned on," your telephone will accept only calls from those in your Selective Call Acceptance list. All others will hear an announcement that you are not accepting calls at this time.

SPEED CALLING

Quickly dial eight of your most frequently called numbers.

How it works:

You can enter up to eight telephone numbers – local or long distance – into your Speed Calling list. Then, you can reach those people by pressing just one digit.

THREE-WAY CALLING

Talk with two people in different places - at the same time.

How it works:

When you are talking with someone, you can add a third person to the call. It's easy to coordinate family schedules or hold a telephone conference with business colleagues.

VOICE MAIL

Make sure you never miss a call.

How it works:

If you are away from home, on the telephone, Voice Mail records the caller's message, which you can access from any telephone, anywhere.

KANSAS Relay Service

RELAY 711

Kansas Relay is a no-cost public service that enables people who are deaf, deafblind, hard of hearing or have speech disability who use a teletypewriter (TTY), captioned telephone, or other assistive device to communicate with family, friends or businesses with ease.

Visit the website to learn how it works:
kansasrelay.com.

To place a call using Kansas Relay, dial **711*** or one of the toll-free numbers below:

- TTY: **800-766-3777**
- Voice: **800-766-3777**
- Voice Carry-Over: **866-479-7566**
- Hearing Carry-Over: **800-766-3777**
- Speech-to-Speech: **866-305-1344**
 - Braille: **800-766-3777**
 - Spanish: **866-305-1343**

Hours of Services

All Relay and CapTel services are available 24 hours a day, seven days a week. However, Spanish CapTel is available from 7:00 am to 11:00 pm.

Captioned Telephone (CapTel)

The Kansas Captioned Telephone (CapTel) service is also available and ideal for people who have hearing loss but are able to speak for themselves. A captioned telephone works like any other telephone except captions on a screen. That allows people to listen to their phone conversations while reading word-for-word captions of what's said to them.

Speech-to-Speech (STS)

People with a speech disability, or those who use a voice synthesizer, can use their own voice on a STS relay call. The Communications Assistant is specially trained to understand unique speech patterns, repeats the words exactly as they are spoken to their caller.

Equipment Distribution Program

The Kansas Telecommunications Access Program (KS TAP) is an equipment distribution program. The purpose of the program is to provide free specialized telephones and other telecommunications devices to Kansans with disabilities who can't use traditional home telephones.

The equipment includes:

- Amplified telephone
- Captioned telephone (CapTel)
- Speaker telephone
- Text-telephone device (TTY)
- Telephone equipment for deafblind

To learn more about TAP, visit at **atk.ku.edu/ks-tap.**

Emergency 911 Calls

Dial 911 on your TTY for a direct connection to your local 911 center.

If you are calling 911 through Kansas Relay 711, your Communications Assistant will contact the nearest emergency response center in your area and relay your information to the dispatcher. However, it is important to understand that relay centers are not 911 centers and do not assume responsibility for emergency calls.

T-Mobile Accessibility Care:

- (866) 735-2957 (TTY/Voice)
- (866) 305-1343 (Español-TTY/Voz)
- (877) 787-1989 (Speech-to-Speech)
- (866) 931-9027 (Voice Carry-Over)
- (888) 269-7477 (Captioned Telephone)
- **access@t-mobile.com** (Email)

* Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 711 not possible. If you are unable to connect to 711, please use the alternative number given for each type of relay service call.

CapTel is a registered trademark of Ultratec, Inc.
